## **Busseto Black Truffle Nuggets**

Classic, savory Italian Dry Salami is enhanced by shavings of real black truffle. Earthy and deep-flavored with a decadent umami finish.

## **Busseto Sliced Prosciutto**

Italian-style pork legs are slow-cured and air-dried. The tender texture and delicate character are balanced with a sweet-and-salty flavor and nutty notes.

## **3 Pigs French Style Sliced Ham**

This ham is just salted enough to preserve the meat for its fourteen-month ageing period. It is characteristically soft and sweet.

## **Brooklyn Cured Pre-Sliced Hot Soppressata**

This spicy salame balances both heat and a depth of flavor. Seasoned with chili flakes, black pepper, and garlic.

## **Petit Suisse**

These individually portioned cups of fresh cheese are sweet and enhanced with the flavors of fruit. They are lactic with a clean finish.

## **Prairie Breeze Cheddar**

A complex cheddar hailing from Iowa, it is more sweet than sharp with a crumbly, crunchy texture. It has nutty notes with a distinctly fruity scent.

## **Moosbacher**

This cheese hails from Austria and has large holes and distinct nutty and sweet notes that are reminiscent of Emmental or Jarlsberg. The exterior is washed before being cloth-bound, which adds a mild funk to both the flavor and aroma.

## **Die Rote Hexe**

The Red Witch is a semi-hard Swiss cheese with a paprika-rubbed red rind. Its complex flavor ranges from brothy and mushroomy to the nutty-sweet-savory flavor of caramelized onions. Punctuated with a piquant peppery note from the rind.

## **Black Truffle Moliterno Sheep**

Impressive to look at, this traditional sheep's milk cheese is injected with black truffle paste. This method gives the paste a craggy, Gorgonzola-like veining. It is piquant, salty, rich, and savory.

## **King Island Roaring 40's Blue Cheese**

This cheese is sweet and rich with a lingering fruity flavor. The black wax exterior encourages a full flavor and moist texture.

## **Toast for Cheese - Cherry Almond Linseed**

Baked twice like biscotti, these fruit toasts are incredibly thin. The tart cherries and nutty almonds and linseeds make for a versatile fruit crisp but is especially ideal for rich blues.
